Dear Sir,

Greetings!

In line with our objective to provide our students with a holistic, quality, and relevant education in all disciplines, we have always emphasized a dynamic curriculum; hence, instruction is pragmatic in approach. Students are given the best training after having finished the theoretical requirements in school.

It is in this context that this office wishes to recommend,
Mr. John Christian M. Valdez, a **Bachelor of Science in Information Technology (BSIT)** student to undergo training in your company, for three hundred (300) hours.

We look forward to your favorable response on this matter. Thank you for being a part of our thrust to provide the youth with quality education.

Very truly yours,

Mr. Emerson D. Gelera

Practicum Coordinator
